Indore, 452009, (Madhya Pradesh)

Career Objective –

Committed to delivering high-quality software solutions by leveraging technical expertise and problem-solving skills, while contributing to innovative projects and learning from experienced professionals.

Professional Summary –

- Dedicated and results-oriented entry-level Java developer with a solid foundation in core programming principles.
- Proficient in Core Java concepts, including Object-Oriented Programming (OOPs), Java 8 new features, Exception Handling, Multithreading and Collections with practical experience.
- Skilled in identifying and debugging Java application issues through a systematic problem-solving approach.
- Eager to learn and grow as a Java developer, keeping up with the latest technologies and trends.
- Effective team player with excellent communication skills, capable of working collaboratively in software development environments.

Technical Skills –

- Programming Language : Core Java (J2SE), Advanced Java (J2EE), C Language
- Web Development : HTML, CSS, JavaScript (Client Side)
- Backend Languages : SQL, PLSQL
- Java Framework : Spring Core
- Database : Oracle
- Development Tools : Git, Maven, Agile, Jira
- IDE : Eclipse, EditPlus, SQL Plus, SQL Developer

Project –

E-Notes (A Digital Notebook Platform) : E-Notes is a web-based application designed to provide users with a convenient and flexible digital notebook solution. Built using the Java programming language and MVC architectural pattern, E-Notes offers a user-friendly interface for creating, editing, and organizing notes.

- **Intuitive User Interface:** A visually appealing interface crafted with HTML and CSS for easy navigation and note management.
- **Robust Database Integration:** Utilizes JDBC to seamlessly interact with an Oracle database, ensuring secure and reliable data storage.
- **Dynamic Content Generation:** Employs Servlets to handle HTTP requests and JSP to generate dynamic content, providing a personalized user experience.
- **Flexible Note Management:** Allows users to create, edit, delete, and review notes with customizable titles and content.

Education –

- Completed B.Tech. in Mechanical Engineering from Chameli Devi Group of Institutions, Indore with 8.5 CGPA in year 2023.
- Completed 12th from Maa Narmada Academy, Dhamnod with 71.8% in year 2019.
- Completed 10th from Max Academy, Dharampuri with 84.8% in year 2017.

Certificate –

- Full Stack Java course from Naresh i Technologies, Hyderabad.
